PRODUCTOS

CARIBBEAN BUNKERS

Caribbean Bunkers provides in its own fleet, petroleum products, products tailored to the needs of its customers as IFO 30-80, and products usually consumed by the marine market, such as IFO 180, IFO 380, MGO, produced and delivered with high quality standards set by ISO 8217, ensuring the best quality products, safe operation and delivery, and greater care for the environment, maintaining fair prices adjusted to market conditions. We are located in South America, based in the Colombian Caribbean coast ports of Cartagena, Barranquilla and Santa Marta, where our employees are committed to the satisfaction of our customers.
